*"The Downtown Arts District Association (DADA) is a neighborhood organization of artist studios, residences and businesses that is dedicated to the promotion of arts, culture through education, entertainment, community interaction and trade."*

DADA is dedicated to the promotion of the arts and cultural awareness. It is our mission to provide a safe, enjoyable environment for the greater Forsyth County community by using the arts to teach the ideals of creativity, tolerance, and social awareness. DADA is an eclectic neighborhood and non-profit organization striving to promote these ideals through education, entertainment, community involvement, residence, and trade. Organized in 1998, our efforts have raised awareness of the arts in Winston-Salem, have served to change public perception of the safety concerns associated with the downtown area, and have demonstrated the overwhelming social acceptance exhibited by downtown inhabitants, just as the post World War I abstract art movement of the same name set out to emancipate the imagination. With your support, we can further reach these ideals.

DADA is a volunteer organization with many goals, projects and committees that will benefit from your participation. Please choose the committees where you will participate. Please note that new projects and events are welcome for discussion and your involvement will help us work to support each other in the Downtown Art District! All committees work cooperatively to support all events.

*Your support and time are greatly appreciated and increase our success in the Downtown Art District!*
